

Tackle the Mindset – Insurance & Liability Statement

Tackle the Mindset is fully committed to delivering safe, professional, and legally compliant rugby coaching services. We maintain comprehensive insurance coverage to protect all participants, staff, volunteers, and partner organisations involved in our programs.

1. Public Liability Insurance

We hold active Public Liability Insurance with a minimum cover of £5 million. This protects against claims of accidental injury to third parties or damage to property arising from our coaching activities.

2. Employers' Liability Insurance

We maintain Employers' Liability Insurance in accordance with UK law, covering all staff and volunteers engaged in our sessions. This ensures protection in the event of injury or illness sustained during the course of their duties.

3. Professional Indemnity Insurance

Our Professional Indemnity Insurance covers advice, planning, and delivery of coaching services. This protects against claims arising from professional negligence or errors in program design or implementation.

4. Participant Responsibility & Risk Acknowledgement

While we take every reasonable step to ensure safety, participation in physical activity carries inherent risks. All participants (or their parents/carers) are required to complete a consent form acknowledging these risks and confirming any relevant medical conditions.

5. Medical Emergencies

In the event of an injury or medical emergency, our staff will act in accordance with our First Aid & Medical Policy. Emergency services will be contacted if necessary, and parents/carers will be informed promptly.

6. Safeguarding & Risk Management

All sessions are delivered in line with our Safeguarding, Health & Safety, and Risk Assessment policies. Staff are DBS-checked, trained in safeguarding, and briefed on emergency procedures.

7. Documentation & Proof of Insurance

Copies of our insurance certificates and risk assessments are available upon request to schools, clubs, or parents. We are happy to provide these as part of any partnership or service agreement.

8. Review

This statement is reviewed annually or following any significant change in our insurance arrangements or legal obligations.
